West Rural Electrification Cost Estimated at \$671 Per Farm

At a meeting held last January in the Melvin Hall, to consider rural electrification for the farms west of Didsbury, at which Mr. Gale of the Calgary Power Company was the main speaker, a provisional board of seven directors was appointed to canvas the territory and see what could be done about getting power to the farms. This was done and about 140 farmers signed up for the project.

Early in June the board met with Mr. Gale and had these farm locations placed on a Power Company map, which he took into Calgary to work out line mileage and per farm cost of the project. This cost worked out at \$671.00 per farm for the 140 farms on the map, which is very reasonable when compared with other projects in different parts of the province.

Mr. Gale also stated that owing to lateness of the season and the difficulty they had encountered on

other construction jobs, the power company was six months behind schedule and it would be impossible to start any construction in 1948. However, he seemed quite sure the project would be completed by the end of 1949.

The board now has the necessary "Memorandum of Association" papers and will take immediate steps to have these signed, and make a final canvas of these on the map, and any others that would sign up, and make the necessary collection so that preparations for construction next spring can be made.

The company will be known as the "West Didsbury Rural Electrification Association Limited."

It is to be hoped that those who have not signed up for power will now see their way clear to join their fellow farmers and make this power project the most successful in the Province.

REV. DR. A. H. SCHWERMAN

Guest speaker at the afternoon service at the Dedication Service of Redeemer Lutheran Church on Sunday, October 31st.

WESTCOTT NEWS

Westcott Store Takes on New Look

Mr. and Mrs. Otto Folkman have been busy for weeks enlarging the Westcott store, putting in more shelves and generally speaking are giving the place the "new look". Now one can see all the wares for sale there and indeed the change is making it much easier for the customers as well as the owners.

We are awfully sorry to hear about the accident that befell little Gerald Dubeis last week end. While playing at school he fell, breaking a bone in his hip. Gerald was rushed to a Calgary hospital immediately and is resting as comfortably as can be expected.

Mr. and Mrs. Herb Gooden visited with Mr. and Mrs. Wm. Dainty at Greyfield last Sunday.

Quite a number from this district who were fortunate enough to get tickets for the "Passion Play" which was staged in Calgary last week, came back reporting that it was wonderful, making us all wish we could have seen it.

Friends of Mrs. John Stevenson of Sundre, and well known here, will be glad to hear that she is well and is to be recovered after being hospitalized at Oids with a septic throat.

Mr. Wilbert Hersholt spent Sunday at Cuhnar. He was accompanied by Mr. and Mrs. Jim Nelson of Didsbury.

Word has been received here that Mrs. McDonald, who left sometime ago for the coast so as to regain her health, has shown some improvement and she is hoping it won't be too long before she is back home at Westcott.

Mr. and Mrs. Alex Komschuk of Calgary were visitors with their sons, Albert and Allen, on the farm last Monday.

LOCAL ORGANIZATIONS TO CONDUCT CANCER FUND DRIVE

Mons Chapter L.O.D.E. and the Women's Institutes will conduct the drive for funds for the Canadian Cancer Society in the Didsbury district, and these organizations have already started to contact local citizens.

It is hoped to complete the canvass by November 15th.

Donations to the Cancer Fund can be left in town with any member of Mons Chapter L.O.D.E. In the country donations will be accepted by any member of local Women's Institutes.

Hay Stack Lost by Fire in Zella District

Mr. C. Abraham, who is renting the E.S. Brown farm in the Zella district, suffered the loss of a hay stack Sunday afternoon when flames from a backfire got out of control and swept to the hay stack, destroying it completely. The fire apparently started in an old straw bottom where thistles had been burned six weeks previously, and the smoldering straw finally burst into flames, spreading across the field.

Mr. Abraham noticed the fire on his return from church and with the help of neighbors lit a backfire to prevent any further spread. The failure of a light tractor to pull a plow being used in conjunction with the backfiring allowed the backfire to get out of control. Before a lighter plow could be brought into use the hay stack was in flames. Two other stacks were saved by plowing fireguards around them.

ZELLA NEWS NOTES

Mr. and Mrs. Chris Chorley of Leduc spent the week end at the Jahnke home.

Mr. and Mrs. Ken Waldroff were visitors at the Ivor Walcott home on Sunday.

Allen Luft is a patient in the Didsbury hospital.

Miss Goleen Antoske and pupils of the Zella school were hosts to the parents on Monday at a Halloween party. The pupils were decked out in costumes. Muriel Eggins won the Halloween costume prize. Mrs. Bill Eggins won the box of chocolates which was raffled.

J. C. Mooney Dies Suddenly in Calgary

Mr. J. C. Mooney, Sanitary Inspector for the Board of Health District, died unexpectedly in the Calgary General Hospital on Sunday, October 24th, following an operation.

Mr. Mooney had been the Sanitary Inspector for the Board of Health District since its formation in 1941. He was well known in town, and was always ready with helpful, practical suggestions on matters that would benefit the health of the community. His work rarely brought him into prominence, but he was the man behind the scenes who kept an eye on all sanitary matters so often taken for granted.

Mr. Mooney is survived by his wife and daughter, living in Calgary.

Work Starts on New Curling Rink

Construction of the Didsbury Curling Club's new three-sheet curling rink has commenced and the foundation for the building was completed last week.

The new curling rink is being built on the north side of the Memorial arena and curlers hope to have the structure finished by the time cold weather sets in.

The building will be of frame construction and will provide for three sheets of ice and a spacious sitting room.

Donations are now being received to help finance construction of the rink, and these can be left with Harry McCullough. Unless sufficient funds are raised the curling rink cannot be completed.

Voluntary labor is now needed and credit will be given all workers at the rate of 50 cents an hour.

C.G.L.T. MEMBERS ATTEND "PASSION PLAY" IN CALGARY

Following are the members of the local C.G.L.T. groups who attended the Passion Play in Calgary last Saturday afternoon: Miss E. Willison and Miss A. Proden (leaders); Jean Bernice, Deloyce Gorton, Marjorie Gorton, Joyce Bultr, Anita Andrews, Fayne Prevost, Winnie Broadhurst, Janet Black, Dorothy Ball, Winona Boulton, Mona Stevens, Pat Price, Joyce and Leona Stevens, Phyllis Fox, Audrey Carleton, Anna Dunlop, Emily Dupont, Laura McCoy, Gwen Clark, Geraldine Ford, Pat and Carol Leavens, Florence Gilson and Ruth Gole.

Among the others from Didsbury taking in the play were Mr. and Mrs. Jack Robertson, Margaret and Don, Jack Gillrie and Dora, and Mrs. DuPont, Olga and David.

United Church Rally Thoroughly Enjoyed

A very enjoyable Rally took place last Friday afternoon, October 22, in Knox United Church. Mrs. Bruce Barker, president of the afternoon group of the U.C., presided. Mrs. J.W. Bainbridge conducted the devotion.

Mrs. O.W. Thorne of Red Deer, president of the Red Deer W.C., presided at the evening service. She spoke of the place women took in church work and the different branches, and how each could help the church and make it more successful.

Miss Winona Boulton gave a splendid reading, and Miss Margaret Robertson a solo. A social hour was spent in the basement and lunch served. Mrs. Ed Kercher and Mrs. Ruth Eckel poured the tea.

John McNeil left the first of the week for a visit with his sister in Vancouver.

Redeemer Lutheran Church Dedication Sunday, Oct. 31

On Sunday, October 31, 1948, Redeemer Lutheran Church, corner of Stuart and Churchill, Didsbury, Alberta, will celebrate the Dedication of its new church, built at a cost of \$20,000. Services will be conducted in the forenoon and afternoon. The work was under the care of a special building committee comprised of W. Brummer, D. Reinhardt, J.C. Folkman, E. Schiele, F. Gertsen, H. Dageforde and E. Jans.

The morning service will begin at 11 a.m. The guest speaker at this service will be the Rev. W.G. Effert of Leduc, president of the Alberta Lutheran Church, Missouri Synod. In the afternoon, beginning at 3 p.m., the Rev. Dr. A. H. Schwerman, director of Concordia College, Edmonton, will serve as guest speaker. Both services will be enhanced by choir selections and a hymn of praise by the Sunday School children of the congregation.

Work in the Didsbury field was begun in 1906 at Westcott. In 1907 St. Paul's Lutheran Church of Westcott was organized with the following as charter members: Wm. Dageforde, M. Krebs, J. Dageforde and F. H. Hildebrandt. Of these Mr. Hildebrandt is still living, making his home at Sardis, B.C. Work was

also begun in the town of Didsbury at St. John's Lutheran Church. In November of 1945 the two congregations decided to amalgamate, forming Redeemer Lutheran Church. Immediately it was planned to erect a new church in the town of Didsbury. Due to rising costs this plan was tabled but early in 1947 it was resolved that with the help of God the work on the new building should be begun, and trusting in Him it would also be completed.

Following this resolution, ground was broken on June 26, 1947, as Pastor Fox dedicated the ground to the use of God, and the president of the congregation, Mr. J.C. Folkman, turned the first sod. The work of excavating the basement was immediately begun.

After the services of Mr. J. Wright had been obtained the building made noticeable progress. The highlight was when some 35 members appeared on August 6 to pour the cement for the basement. Work was begun at 8 a.m. and few minutes before midnight the job was completed.

Mr. Wright had been obliged to leave the job in December, Mr. Otto Bariz, a member of the congregation, was elected as supervisor. He has very ably carried out his task. (Continued on Page 2)

MELVIN NOTES

Details concerning a wrecked car over the high bank at Ross Youngs Hill are a complete mystery. However, sometime Sunday or early on Monday morning a 1928 Chev. traveling westward plunged down the north bank at the steepest point and the wrecked remains make one wonder how any person could have escaped—but no sign of anyone has been seen. Naturally we are all anxious to know more.

On Monday evening the Weaver's Alumnus representatives cooked and served a supper at the Ross Youngs home, demonstrating their Health Wares. Nine guests were present.

Mr.ville Wolter of Radium spent the week end at his home here.

Mr. and Mrs. L. Wollen, Mr. and Mrs. Lester Krebs and Shirley spent Sunday in Calgary visiting Mr. and Mrs. Louis Wollen and Mr. and Mrs. Alvin Gowitz.

Mr. and Mrs. Dunstorf (nee Violet Schneider) of Calgary spent the week end at the Schneider home.

We are sorry to learn that Mrs. F. Jackson entered the hospital on Saturday for an operation and we wish her a speedy recovery.

Flour Mill Building Nearly Completed

It didn't take Monassals Weber and Jack Henry very long to get started on the new Flour Mill. Flour Mills, and the cement-block building is rapidly nearing completion and should be ready to start production of the famous Mosbach Flour just as soon as the necessary equipment can be installed.

Mr. Weber and his daughter, Mrs. Jack Henry, arrived back from London, Canada a week or so ago and Mr. Weber immediately made arrangements to have flour milled and shipped to Didsbury until such time as this part of the local mill can again produce its own flour. Mr. Henry is ready to start production of the famous Mosbach Flour just as soon as the necessary equipment can be installed.

The warehouse and initial plant has been constructed just south of the old flour mill, which was destroyed on October 2, but future building plans have not yet been disclosed.

Miss Joyce Archer Presented With H. S. A. Scholarship

Friday evening, October 22, at a pleasant social evening was arranged by the teacher and pupils of the Gore School for the purpose of presenting Miss Joyce Archer with the Home and School Scholarship to further her education.

Miss Archer was happy to receive the honor but felt that much of the credit was due to Mrs. Book who had been her capable teacher for five years. In appreciation of her help Joyce then presented Mrs. Book with a lovely china cup and saucer.

Mr. N. P. Crispo, Superintendent of the Old School Division, acted as chairman of the gathering. The pupils of the school entertained the guests with a number of songs, rhythmic hand selections and tonette solos. Helen Archer and June Sherrick sang a duet, "Surging." Following the musical program Mr. Crispo introduced the guests of honor, Mr. H.C. Carlisle of Calgary, formerly chairman of the Calgary School Board; Mrs. Batefield of Sundre, Regional Director of Alberta Federation of Home and School Associations; and Mrs. M.W. Malyon of Olds, Provincial Organizer for Home and School.

Mr. Crispo replied to the address of welcome and said he was very proud to have such a gathering in honor of his daughter.

Mrs. Russell Sherrick presented Mrs. Book with a corsage of roses as a token of appreciation from the pupils and friends in the district.

Mrs. Batefield outlined the aims of the Home and School Association, explaining that any person interested in home and school, whether parents or not, was eligible for membership. She said there were 10,000 members in Alberta. The money for this scholarship was presented by these locals, which also support individual projects for local schools.

Mrs. Malyon further explained the work of the organization and said they did not attempt to organize Home and School locals until they had been approached by interested parties in the districts, but were glad to assist when this was done, and hoped the Didsbury district would decide to organize.

Mr. H.C. Carlisle said this scholarship, which was about to present, was awarded annually to the grade nine students who received the highest marks in the Province, according to funds available. This year, however, only fifty scholarships were awarded, two of which were won in this region. He felt that education and truth were the two most important issues facing young people today; only through these could

the evils of propaganda be combated and peace be restored. For that reason he was most happy to present Miss Joyce Archer with the Home and School Scholarship to further her education.

Mr. and Mrs. Book and the pupils and other friends of the Gore School District, Miss Sherrick presented Mrs. Archer with the Home and School Scholarship to further her education. Mrs. Book with a lovely china cup and saucer.

Walther Leaguers Discuss Education

Thirty members of the Walther League met on Tuesday, October 19, for their regular meeting. Robert Folkman led the topic, entitled "I Go to School." Today Canadians and Americans place an increasingly high value of education. Some of every type are crowded until the walls are almost bursting. Everyone seems to be determined to obtain some kind of education which will better equip a person to attack the problems of the 20th century living. However, in this quest for education we must not overlook the more necessary education in the school of Christian faith. As man increases and turns back to religion, he will be better able to cope with the problems of the 20th century. After discussion ensued on the topic.

During the business meeting it was decided to buy some flowers for the Dedication Service of the church on October 31. It was further resolved that the ushers wear white carnations so that they might be more easily recognized. Fred Reese, Lloyd Kruger and Erna Reinhardt were appointed as members of the play committee. The Halloween social which was to be held at the end of this month was cancelled, since so much work in connection with the Dedication Service is necessary.

Following an hour of games, lunch was served and the meeting closed.

Banded Duck Shot On Tugle Lake

Keith Gudey of Oids shot a big mallard duck at Tugle Lake a couple of weeks ago, but apparently didn't know he had killed a banded bird. Anyhow, he gave the duck to Mrs. Ed Klinck, who noticed the band on its leg and last Saturday Mr. Klinck brought the banded bird of the bird to the Pioneer office, and it was turned over to the secretary of the local fish and game association, to be sent to the Wild Life Service, Washington, D.C., asking that the history of the bird's flight be forwarded.

The tag on the duck's leg was No. 727745 and the figure "41" on the band indicated the bird was banded and released in the year 1944.

FORMER DIDSBURY STUDENT WINS SCHOLARSHIP

Miss Lavalie Loewen, daughter of Mr. and Mrs. Mose L. Loewen of Benalto, Alberta, formerly of Didsbury, won one of the 1947-48 Grade Nine Scholarships of \$50.

The presentation was made by Mr. Deverell, the school inspector for Rocky Mountain School Division No. 15 at the regular meeting of the Home and School Association held in the Benalto school on October 19.

Lavalie completed against ten other scholars in Subdivision No. 5 of the Rocky Mountain School Division, having perfect attendance as well as the highest average marks for the school term.

Lavalie Loewen attended school in Didsbury for four years before moving to Benalto in 1943, where she has attended school ever since.

REV. W. C. EFFERT

Will conduct morning services at the Dedication Service of Redeemer Lutheran Church on Sunday, Oct. 31.

CARD OF THANKS

I wish to thank my friends and neighbors for their kind assistance in helping to prevent the spread of the flu on the farm of E.S. Brower on Sunday, I was especially to thank Joe Hindal for the use of his home and in setting a backfire.

M. ABRAHAM

BERGEN NEWS

The Bergen Ladies Aid Society held its annual sale in the Bergen school on October 21st. A nice crowd was present and a goodly sum realized. Mr. E. Mjoines kindly acted as auctioneer. Norman Cook, M.L.A., gave a short talk, and the ladies brought the evening to a close by serving a delicious lunch.

Mrs. Tedford gave the people of the district quite a scare Sunday when she failed to arrive at church. She had started out walking, expecting her neighbors to catch up with her. As Mrs. Tedford is not one of the youngest ladies of the neighborhood, there was great concern over her disappearance and a search party was out hunting with lanterns and flashlights in the surrounding bush. Then one young lady had the idea to phone to Calgary for she knew a party had gone there to a church service. Sure enough, to the relief of all, she was safe and sound in Calgary.

Rev. and Mrs. Smalley, formerly of Burnsmore, Alberta, have arrived to take up the pastorate of the Pentecostal Holiness church. They relieve Walter Gamble who left for the Pacific coast to continue his studies.

Church Dedication

(Concluded from Page 1)
Also donating many hours of labor to the project. The members of the parish have also donated many valuable hours of work.

The plans of the church were drawn by Rev. Weber, church architect of New York, N.Y. The church, of frame construction, is 78 feet long and 30 feet wide, with a tower 16 feet square on the north-east corner rising some 60 feet. The whole building is insulated and the outside is covered with cedar-grained asbestos siding. An automatic forced-draft oil unit supplies the heat. The inside is finished in Fest-tect painted Sudan ivory, and all woodwork is varnished in natural color. The seating capacity is about 250, with additional room for 100.

Many special gifts from the members of the congregation have been received to provide special features in the church. The congregation jointly has purchased a Minihall organ as a war memorial.

The congregation has also acquired the lot west of the church, lying between the church and the new parsonage, also purchased at the beginning of the year. This gives the Lutheran Church one of the choicest locations in the town of Didsbury.

Since the work was begun in the Didsbury field the following pastors have served the congregation: Rev. G.J. Meyer, 1906; Rev. W. Albrecht, 1906-07; Rev. F.W. Falkenroth, 1907-10; Rev. M.H. Bertram, 1911-12; Rev. T. Dannefeldt, 1912-15; Rev. W. Krongel, 1915-18; Rev. W. Krongel, 1918-22; Rev. C.J.A. Nissen, 1922-30; Rev. J. Kuring, 1931-40; Rev. A. F. Reimer, 1940-46. The congregation is at present being served by Rev. E.B. Fox.

The congregation wishes to take this opportunity to thank all who so generously helped, and especially the general good-will of the people of Didsbury. The following firms and individuals supplied materials and helped for the erection of the church: Atlas Lumber Yard, Cassidy Lumber Yard, Builders' Hardware, Mac's Service Hardware, Dickau Electric, Kemp Electric of Olds, Kaufman & Jenkins, Plumbers, Leask & Smith Furnace of Olds, Purvis and Bash Electric of Olds, Payne-Freeman Co., Ed Ford, H.E. Oke and J. McJoy.

A most cordial invitation is extended to all our friends to join us in this Dedication celebration on Sunday, October 31. A noon-day lunch will be supplied by the ladies of the congregation.

CREMONA ITEMS

A fire, started to burn garbage near Frizzell's home, got out of control early Saturday afternoon and quickly spread to the nearby lot reserved for the skating rink. The town fire extinguishers were used and when they were empty a bucket brigade was formed. Luckily no buildings were burned.

Michael Whitlow is suffering from a broken nose, having fallen out of a wagon and the wheel running over part of his face.

Mr. H. Hanner, Mike and Denise, Mr. E. Waterstreet, Nola and Ralph were all dinner guests Sunday at the home of Mr. and Mrs. H. Stein of Falten Timber.

Mrs. B. Mork, Pauline, Clifford and Donna, and Mrs. Mork's two brothers were visiting at Beiseker. "Frontier Gal" was the show this week. A full house was reported. "Frontier Gal" also showed at Water Valley Thursday evening.

Mrs. D. Young is now home after spending a few days in the Didsbury hospital.

Mrs. B. Hagan, Mrs. M. Ploger and a friend visited on Sunday with a relative in Cremona and Big Prairie.

Mrs. Bob Bracken and Alberta are back from a two week's trip to the coast.

NOTICE—SETTING OF FIRES AND THE USE OF FIRES
During the closed season (1st day of April to the 1st day of December inclusive) no person shall set out a fire, except under permit and subject to the conditions prescribed by the regulations.

Conditions under which burning may be done:

The land on which the fire is kindled must be completely surrounded by a fireguard consisting of land covered with snow or water, or burnt-over land, or ploughed land free of inflammable matter or waste, not less than 20 feet in width. Such fire must be guarded during the whole period of its continuance by three adult persons provided with the proper appliances for extinguishing fire.

Anyone setting fire contrary to the above shall be guilty of an offence and liable on summary conviction to a penalty of not less than twenty-five dollars and not more than two hundred dollars. Permits may be obtained from your Council or Municipal office. M.D. MOUNTAIN VIEW No. 49, A. Brusso, sec.-treas.

TRUCK ACCIDENT PROVIDES MAN WITH CEMENT SIDEWALK

Vancouver—A.R. D'Altroy has a new concrete sidewalk for his home, and it didn't cost him a cent.

A loaded cement truck climbing a steep grade turned end over end

in front of his house. Because the cement would set if left there, company officials said he could have it.

D'Altroy had planned a walk, and already had the stringers laid.

With the aid of neighbors he had the walk finished in two hours.

SENSATIONAL MANHUNT BEHIND "BIG CLOCK"

Paramount's "Big Clock," coming to the Didsbury Theatre this week end, is said to record thirty-six hours of the most savage, the most breath-taking manhunt Hollywood has ever filmed.

Co-starring Ray Milland and Charles Laughton, both of them Academy Award winners, "The Big Clock" offers a completely radical approach to the matter of suspense, a reversal of the usual murder story so different that it will make the most avid film-goer feel as though he were seeing a movie mystery for the first time.

Milland is the man in the "Big Clock," for he is both the hunter and the hunted in the suspense-packed chase which twists and turns through the vast labyrinth of a modern skyscraper. The clock itself plays a vital part in the development of the sensational story.

Cast as the editor of a detective story magazine in a publishing empire tyrannically controlled by Laughton, Ray, through a casual association with his boss's girl friend, becomes involved in her brutal murder.

Laughton, for personal and murderous reasons, orders Milland, who has a particular genius for tracking down criminals, to find the man known to have been with the girl just before she was slain. Thus Ray finds himself in the unenviable position of the fox leading the dogs to the fox. Concurrently, he makes a frenzied attempt to trap the real killer in a desperate race against the quick, silent death he knows Laughton plans for him.

Maureen O'Sullivan, George Macready, Rita Johnson, Elsa Lanchester and Harold Vermilyea head the exceptionally fine supporting cast.

SHORTAGE OF BUILDERS' HARDWARE IN CANADA

A recent survey shows a shortage in Canada for many kinds of builders' hardware, and in order to complete residential dwellings on schedule it has been necessary to import supplies. Domestic production of large size butt hinges, and indoor and outdoor locksets continued at a high level, but in some areas output failed to keep abreast of the continued heavy demand. During the first half of 1948, the average monthly production of builders' hardware was close to half a million dollars, an improvement of better than 20 per cent over the average monthly output a year ago.

Application Called For More Nursing Aides

A call for new applicants to take the Nursing training course was issued this week by Miss J. Ferguson, Supervisor of the School operated jointly under the Canadian Vocational Training plan and the Alberta Department of Health. In seeking applicants Miss Ferguson stated that present arrangements will be ended in December of the present year.

"Many opportunities exist for girls and women who complete the forty weeks' course," Miss Ferguson said. "The hours of work and salary schedule are most attractive, and the need for Certified Nursing Aides in the rural and community hospitals is great."

Starting as a vocational training course for ex-service women who were interested in the care of the sick, the course was later offered to all Alberta women, some of whom have years of experience as practical nurses. Those completing the course are eligible for certificates and annual licenses which enable them to take positions in hospitals throughout Alberta. Miss Ferguson pointed out that Certified Nursing Aides are not to be confused with practical nurses, Ward Aides, or graduate nurses. Certified Nursing Aides help fill the need for women trained to relieve registered nurses of many of the duties which are placing a heavy burden on many hospital staffs.

Standard salary schedule for a 18-hour week as approved by the Nursing Aides Council begins at \$90 per month for the first six months, increasing to \$110.00 per month during the third year. Full maintenance, which includes room, board and laundry of uniforms is deductible at the rate of \$25 per month.

Nearly two hundred women and girls from various Alberta centres have successfully completed the Nursing Aides training. Miss Ferguson stated. These trainees are now helping to relieve the present shortage of registered nurses in the Province. Many have come from Saskatchewan to take the course, and all are now being employed by Alberta hospitals and nursing centres.

"Here is a means to financial independence," said Miss Ferguson, "that many western girls are quick to appreciate. Most of them continue as Certified Nursing Aides, but others of them have used the training to continue their studies so that they are eligible for entrance

into Alberta nurse training schools. Only 3 per cent of the one-room schools in Canada are equipped with modern sanitary conveniences.

Last year 75 persons died in Canada while attempting to light fires with gasoline or kerosene.

Hallowe'en is coming round again! When your doorbell rings, be ready with this grand Purify Pumpkin pie... made with Purify Flour... of course! Here's a melt-in-your-mouth pastry recipe.

PURIFY PASTRY (enough for 2 pie shells)

Mix together 1 1/2 cups PURIFY Flour and 1/2 teaspoon salt. Cut FLOUR and salt into mixture with two knives, until it looks like very coarse meal. Add 1/2 cup very cold water gradually, mixing with your hands. Chill dough for 5 or 10 minutes and turn out on a lightly floured board. Roll with a light floured roller to 1/8 inch thickness. Quick dough lightly into pie plates so that no air bubbles are trapped and trim off the edge.

FILLING (1 pie)
Beat 2 eggs only until whites and yolks are well blended. Gradually beat in 1/2 cup white sugar, and add 1/2 teaspoon cream of tartar, 1/2 teaspoon vanilla, and a few grains of salt. Stir in 1/2 cup milk. Pour into pie plate lined with pastry and bake in hot oven (450° F.) for ten minutes, then reduce temperature to moderate (350° F.) and bake for 20-25 minutes, or until filling is firm. Cool and serve with whipped cream or decorate with plain face. Filling recipe may be doubled if you wish 2 pumpkin pies.

Remember, Purify Flour, specially milled from finest hard wheat—is best for all your baking.

YOU NEED ONLY ONE FLOUR
PURIFY FLOUR

Alberta Wheat Pool's 25th Anniversary on October 29th

Twenty-five years ago on October 29, 1923, the Alberta Wheat Pool started in business. On that date an office was opened in the Loughheed building in Calgary with a staff of about 15 people. From that small beginning this farmer-owned co-operative grain handling organization has developed into the largest Alberta business. Its assets include 187 country elevators, a \$150,000,000 bushel terminal at Vancouver and a 2,000,000 bushel terminal at Port Arthur. It has handled as much as 22,000,000 bushels of grain in a single year, and has had a yearly cash turnover in excess of \$50,000,000. It has branch offices in Edmonton, Vancouver and Winnipeg, and the average number of employees is about 770.

The formation of the Alberta Wheat Pool in 1923 grew out of the experience of Western Canadian farmers with the federal government's participation in wheat marketing during and immediately after World War I. The Canadian Wheat Board was dropped on August 16, 1923, and shortly afterwards a price decline set in which continued until December, 1923, when wheat reached a low point of 91 1/4 cents a bushel.

The farmers tried to get the government to re-establish a Wheat Board. Failing in that effort, they turned their energies towards the forming of a voluntary Wheat Pool. Alberta was the first province to complete a Wheat Pool organization. On September 5, 1923, over 26,000 farmers had signed contracts to deliver their wheat to the Alberta Wheat Pool. The following year Wheat Pools were organized in Manitoba and Saskatchewan. The combined physical assets of the three Pools now include some 1,875 country elevators and 8 terminals, with a total capacity over all of 130,000,000 bushels of grain and a total value in excess of \$50,000,000.

One of the principle objectives of the Wheat Pool movement is price security for the farmers. In this regard, in preference to the open market system with its booms and depressions, the men who organized the Pool sought to obtain, over the years, an average price for wheat which would have a reasonable relationship to cost of production.

Another objective was the establishment of a co-operative elevator system operated primarily for service and not for profit. The Alberta Wheat Pool has retained the confidence and support of many thousands of Alberta farmers. In the past quarter of a century it has handled a total of over a billion bushels of grain with a gross value in excess of \$925,000,000. It has paid patron

ACCIDENTS TO THE EYES

Industrial health experts agree that a high percentage of accidents involving damage to the eyes of workers could be prevented by the wearing of safety goggles and by taking other routine precautions. Accidents do happen and a worker is well advised to be on his guard at all times. There is no substitute for sight.

Cheap Registered Seed

(By H.G.L. Strange)

Representatives of seed-grower organizations of the three prairie provinces recently met to consider the supply and demand situation of Registered seed and to agree on prices for this coming year. It was evident that a considerable surplus of Registered Thatcher is available but no apparent surplus of any other variety. Seed growers, therefore, agreed to reduce their prices for this year to low levels, setting prices for seed which will certainly not remunerate them for their out-of-pocket expenses, and for the skilled careful work they have had to do.

This is a year, when farmers should take full advantage of the opportunity to buy generous amounts of high quality registered seed now being offered at relatively cheap prices, for the chance may not come again.

The use of Registered seed is the only method known of improving the quality of our grain crops. Such improvement not only brings to the farmer higher yields and higher grades, but in addition assists in selling more wheat and for higher premiums on world's markets.

All elevators will shortly post up the official price lists. Farmers are recommended to seize this opportunity to purchase good seed at extremely cheap prices.

age dividends in cash totalling \$1,721,000 and in reserves of over \$1,000,000. Furthermore, it has redeemed reserve contributions of original members to a total of \$1,158,000.

"It has been our policy to integrate this enterprise along the lines of pure co-operation," says H. D. Purdy, manager of the Alberta Wheat Pool. "We believe sincerely in the principle of co-operation and in its effectiveness on behalf of the grain growers. Nothing can take its place in the provision of security and preservation of hard-won rights and privileges."

ALBERTA WHEAT POOL'S Silver Anniversary

"THREE OF 487 POOL COUNTRY ELEVATORS"

The Alberta Wheat Pool started in business on October 29, 1923. Its first office was staffed with only 15 employees, and furnished with second-hand equipment.

Today the Alberta Wheat Pool is the largest Alberta business. Its assets include 487 country elevators and two terminals with a total grain capacity of 37,000,000 bushels.

The Alberta Wheat Pool has paid patronage dividends, over the years, to a total of \$3,724,180.15 in cash and has redeemed reserves from original Pool members to a total of \$4,469,883.85.

Alberta Pool Elevators has provided excellent service to patrons and has gained a high reputation for fair dealing. The system has handled as much as 52,000,000 bushels of grain in a single year.

All these, and many other accomplishments, have been achieved by the Wheat Pool members, who have rendered such loyal and devoted service to their own organization over a quarter of a century.

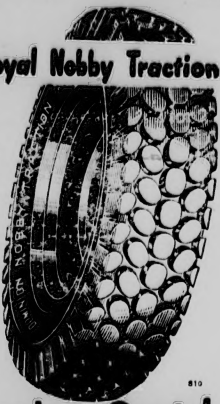

Nothing can take the place of this farmer-owned co-operative in providing security and the preservation of hard-won rights and privileges for the grain producers of this province.

"Make this year a Pool elevator year."

VULCAN TO START WORK ON WATER AND SEWAGE

The Town of Vulcan's total debenture issue of \$175,000.00 to provide for the installation of water and sewer systems has been sold to James Richardson & Sons of Calgary at a price of 97.57 per \$100.00. The issue is of 4 1/2%, one to twenty-five years serial debentures.

Selling of the debentures has now cleared the way for construction work to proceed and the contractors, Dominion Construction Co. of Winnipeg are expected to begin work in the very near future. —Vulcan Advocate.

Bob Edward's Eye Opener

In the Calgary Eye Opener of October 16, 1906, Bob Edwards daffles along with matters of minor moment:

SMILET

A theatrical company that struck Calgary last week put on "Hamlet." The following account of proceedings appeared in a local paper next morning: "Last night all the fashionable and elite of our town gathered to witness the performance of Hamlet. There has been some discussion in the press as to whether the play was written by Shakespeare or Bacon. All doubts can now be set at rest and with very little trouble, I'll open the graves of Shakespeare and Bacon. The one who turned over last night is the author of the play."

ONE UP ON THE LAW

Andy Nasimith told a story the other day that sounds likely enough. A prominent business man in Calgary, with a little excess stimulant, was driving his automobile at great speed down Seventh Avenue when he noticed a couple of sleuths step out into the road to catch his number. Realizing that he was guilty of breaking speed regulations he turned his car quickly into a side street, left it there and hurried back to his office. There he phoned the police that his car had been stolen.

In about an hour he received word from the police that his car had been found and that the party using it had been going like the devil.

A CONCERT AT HOOTCH

The nobility and gentry of the hamlet of Hootch recently gathered in the school house for a grand concert in aid of the Methodist organ fund. The concert was a success though unfortunately the whole program was not completed. A well-known citizen had just finished a spirited rendition of the Death of Nelson and great was the applause, mingled with clamorous shouts for an encore.

"Very well, dear friends," said the minister who was running the entertainment. "We are pleased with your applause and are going to give you the Death of Nelson all over again."

"Oh you are che?" inquired a man who had just come in the door. Then if you'll tell Nelson his barn is on fire, perhaps he won't linger so long in his damn dying." Then everybody ran out to put out the fire. The sum of \$27.50 was realized for the organ fund.

HIS NAME IN PAPERS

"Are you the editor that takes in the society news?" inquired the undersized little man with an appealing look who called at the Eye Opener office.

"Yes sir," replied the man at the desk. "I take any kind of news."

THE DIDSBURY PIONEER
Phone 12 — Didsbury

What have you got?

"Why it's this way," he said, lowering his voice. "My wife gave a party last night and I'm willing to pay to have this report put in."

"We don't charge for society news," observed the man at the desk, taking the proffered manuscript.

"That you don't understand," said the little man. "I wrote this up myself and want it to go in exactly as I wrote it. I put in a line to say 'McSwatkie assisted his distinguished wife in receiving the guests'. I don't care if you charge me a dollar or it. I'd like my friends to know, by gum, that I still live at that house and I was at the party too."

OTTAWA TOO FAR AWAY

Administration of western affairs should be brought closer to the west. Federal branches of some of our administration departments particularly those of Labor, the Interior and one or two others should be established in some central point in Canada, possibly the head of the Great Lakes. Better and speedier service would be rendered northern Ontario, the prairie provinces and B.C. Ottawa is much too remote.

Politicians prefer Ottawa because nobody can get at them. They feel perfectly safe from the wrath of the kicker in Alberta, and the petulance of the man thousands of miles off in B.C. To the average westerner Ottawa is an unattainable condition like Heaven.

The arrogant and overbearing attitude of deputies and understrappers in the various departments at Ottawa is due in large measure to their geographical isolation. They are as brave and cheeky as the little man who uses the telephone to tell his big neighbor to go to hell. No one can get at them.

FARM FIRE HAZARDS

Winter increases the chance of fire around farms, for oil lamps are needed more often in the home, storm-lanterns more frequently in the barns and outbuildings. Only one out of every seven Canadian farm homes is served with electricity. Few, because of their location, can be aided by the effective fire-fighting services available to city and urban dwellers. Often lack of water and snow-bound roads would make fire-fighting apparatus useless in any case.

In a survey of fires on Canadian farms, the Dominion Bureau of Statistics estimated that 11 per cent of farm fires are caused by the use of inflammable liquids and a quarter arise from faulty heating or cooking equipment.

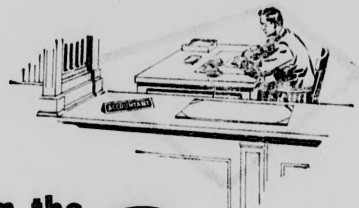

WAR ON RATS

Each year millions of dollars damage is caused in Canada by rats. These creatures destroy food and property in a vast scale. Responsible

for some of the most dreadful epidemics in history, the rat is still dangerous as a carrier of disease.

SUBSCRIBERS —

A number of subscriptions to "The Didsbury Pioneer" are now due and payable. Owing to increased expense and the high cost of news-print we cannot continue sending the paper to subscribers who are in arrears. We do not want to discontinue the paper being sent to any subscriber, unless circumstances force us to do so, but we must cut down expenses, or get in our subscription arrears if we are to meet the heavy obligations undertaken to put our printing plant again in production after the disastrous fire we suffered this spring.

From the
Bottom
...not the top

HE started as a junior. He moved around. He moved up. He learned a lot about banking, about Canada, about people. He is still climbing, still learning a job which is not mastered in a day . . . or a year.

He has learned, for instance, that in making loans, a bank manager must satisfy himself that the borrower would merit your confidence if you were lending *your own money*.

At the same time he welcomes opportunities to put money to work. Loans are part of his business, and an important source of revenue. They help people get along, help build a prosperous, progressive nation.

Contrast his freedom of judgment with conditions in lands where freedom is denied—where every bank is a political tool, every banker a State official! State monopoly of banking, proposed by Socialists here, would open your banking transactions to political intrusion.

**NEW TRAFFIC SQUADS
FOR ALBERTA ROADS**

Provincial highway patrols have been increased in order to put a curb on speeding and reckless driving, according to a recent announcement.

The highway traffic board will have seven uniformed traffic officers, operating motorcycles, on the highways within a short time. They will supplement the work of police in checking on traffic violations.

The new officers will be stationed at the following points: two at Calgary, two at Red Deer, two at Edmonton; one at Lethbridge.

In addition the board has 12 inspectors located at different points who give attention to operations of motor trucks and regulations covering these vehicles.

The addition of new traffic squads is expected to prove an effective aid in preventing reckless driving and in bringing about a reduction of accidents on highways.

HIGH FLAX YIELD

A sample of Royal flax, grown on the farm of J. H. and Arnold Forekel, of Okotoks, was received at the head office of the Alberta Wheat Pool. This sample was 36 inches in height and the yield was 25 bushels. The seed was sown on May 26th at the rate of 10 pounds to the acre, treated with fertilizer at the rate of 30 pounds to the acre, and was harvested with a combine on October 2nd.

About 10 gallons of water are used by each person in the home every day.

TRUCKING WHEAT 230 MILES

Grain farmers in the Fort Vermilion region in the northern extremity of the Peace River block are having their wheat trucked 230 miles to Grimsby. Formerly this wheat was trucked and shipped on the Peace River to Peace River town. A new road constructed to connect Fort Vermilion with the Grimsby-Yellowknife highway has recently been completed, enabling farmers to send their wheat out by truck.

H.W. Swanson, agent for Alberta Pool Elevators at Grimsby, report receiving trucked-in wheat grown by A. M. Simmons of Fort Vermilion. This wheat was graded one northern, after having been seeded on May 28th. The lengthy hours of sunlight in the summertime in that northern area enable the wheat to mature rapidly.

FARM FIRES

Fire precaution is a responsibility in both urban and rural sections, but because rural families cannot call out fire trucks, farm fires frequently are much more destructive than city ones. Fires can mean the overnight loss of years of labor, and even in one hour a farm can be financially ruined.

National Safety Council records disclose that most farm fires have eight preventable causes and the council also declares that nine out of every ten fires are preventable. These causes are: defective chimneys; sparks on combustible roofs; inadequate lighting protection; carelessness with matches; spontaneous ignition; improper use of kerosene and gasoline; unsafe stoves and furnace installations; and the misuse of electricity and appliances.

PASTEURIZED MILK

Unless milk is pasteurized we cannot tell if it is safe to drink. Unpasteurized milk may carry germs causing intestinal illness, tuberculosis or undulant fever. Insist on pasteurized milk—the only safe milk. If necessary, raw milk may be pasteurized at home by a safe, simple process.

WINTER VENTILATION

This month many people will check their furnaces in preparation for the winter months. They should also ensure that ventilating equipment and humidity control mechanisms are operating at peak efficiency. Adequate fresh air and a proper degree of humidity are necessary during the winter to maintain health and to guard against respiratory diseases.

HIT THE TRAIL

In October, the sportsmen hunters of Canada "oil up" their "shooting irons" and prepare for their annual expedition, to the woods. To ensure pleasant, comfortable hunting conditions, sportsmen should take with them proper clothing, cooking and camping equipment and should make sure their provisions are healthful and nutritious.

**ANTELOPE SEASON IN SOUTH
OF PROVINCE OCT. 25-NOV. 13**

Open season for antelope between October 25 and November 13 inclusive in certain areas has been authorized by Order-in-Council.

The Order provides that holders of a special antelope license may hunt and kill one antelope, male or female, in that part of the Province comprising townships one to seven, inclusive, and ranges one to 10, inclusive, west of the fourth meridian. Excluded from this area are sections 25, 26, 27, 31, 35 and 36 in township seven, range one, west of the fourth meridian.

The open area described, is situated in the south east corner of the Province immediately south of the Cypress Hills Forest Reserve.

Fee for a non-resident antelope license is \$50, for a resident license \$5. Licenses may be obtained from the Game Branch, Administration Building, Edmonton; Game Branch, Old Telephone Building, Calgary.

The single state of Iowa produced close to 625,000,000 bushels of corn this year.

GERMS IN MILK

British milk-producers are sitting up and listening! They have been told, on the authority of the Mulford research Station, which is in charge of the noted bacteriologist, Dr. Christopher Boffard, that sound so quiet that it cannot be heard by the human ear can sterilize milk on the way from the farm to the dairy. By using sound vibrations forty times more shrill than can be heard by humans all germs in the milk can be destroyed, including those which turn it sour. This is done by a vibrator fitted to the milk cart, and 1,000 gallons can be sterilized in less than an hour. The sound waves beamed through the milk exert a pressure which crushes and destroys germs. It is hoped soon to fit smaller generators to the churns, so that sterilization can begin on the farm. That is why the farmers are listening.

THE BABY TEETH

The 20 foundation or "baby" teeth are among a child's most precious possessions. If they are not properly cared for, the child's mouth may not develop properly, resulting in poor adult eating habits, speech difficulties and a great deal of pain and discomfort in later life.

FEWER COWS; MORE MILK

In June 1948, the number of milk cows on United States farms was estimated at 23 million head, 4 per cent less than the 1934-38 average population of 23.9 millions. However, this decline in numbers was more than compensated for by an increase in the production of milk, estimated at 118.5 billion pounds in 1948 compared with 105.4 billion in 1934-38. This represents an increase of 11 per cent since pre-war as a result of larger milk production per cow. From 1917 to 1948 the decline in the number of cows is estimated at 4 per cent, while milk output decreased only 3 per cent during the same period.

-: DISTRICT NEWS -:**MOUNTAIN VIEW**

Mr. and Mrs. Otto Bittner left early Monday morning from Calgary by plane for a ten-day trip to the coast.

Mr. and Mrs. Gus Bittner are staying at the O. Bittner farm during the latter's absence.

A social evening was spent by parents and friends at the Gore school Friday evening, the occasion being the presentation of a scholarship to Joyce Archer.

Lyle Shultz and David Smith left Monday for Olds to attend the Olds Agriculture School. It will be Lyle's first year and David's second.

Mr. and Mrs. Holt McCallloch, John Kolat and Art Giebers were busy on Saturday helping Mr. and Mrs. Ed McNeil move to their new home on the north road, the former Cook farm.

Mr. and Mrs. Dwayne Folke visited with the Harold Shultz family Sunday evening.

Mr. and Mrs. Tom McCaig were in the district over the week end and all their friends were glad to see them again.

Mr. and Mrs. Greenville McCaig were in Olds Sunday to bring Anna home, and then were guests to a turkey supper at Sam McAllister's Sunday evening.

W. Smith has installed a new lighting plant in his home.

The October meeting of the Mountain View W.I. was held at the home of Mrs. J. Bruce, with five members and one visitor present. Business was discussed in connection with the community hall, and the present drive for funds for the Cancer Society.

Mrs. Bruce gave a paper on God's Own Medicine—Demerol, and the meeting closed. A lunch was then served by the hostess.

Mrs. Win. Bruce is visiting for a few days in Ponoka at the home of her son-in-law and daughter, Mr. and Mrs. E.L. St. Clair.

Mrs. Wood of Calgary is visiting for a few days with her daughter, Mrs. James Worrall.

Mr. and Mrs. J. Bruce and daughter were Calgary visitors on Sunday.

A miscellaneous shower was held at the home of Mrs. J. Worrall last week in honor of Miss Marjorie Bruce. Many friends gathered to honor her and the numerous gifts were presented in a decorated wash tub. A few games were played after which a delicious lunch was served, and the many friends left for their homes after many wishes of happiness to the bride-to-be.

WESTERDALE

Mr. and Mrs. George Pearce of Vulcan were over night visitors at the home of Mr. and Mrs. Wilfred Wigley last Monday.

Mr. and Mrs. D. Humble and family of Calgary arrived last Friday to visit with Mr. and Mrs. W. Herbert.

Francis Jackson spent a few days at his home recently.

Mrs. Lester Barnes is visiting at the home of her parents, Mr. and Mrs. W. Herbert.

A meeting of the Willing Workers Club was held at the home of Mrs. J. Cowie on October 13 with nine members and two visitors present. Roll call was "a demonstration of health exercise." The business session consisted of donating \$5 to the Canadian Institute for the Blind, agreeing to purchase silver cups for two new babies, and arranging for what parties to commence in November. Four places and dates were scheduled as follows: at the home of Mr. and Mrs. A. Buckley on November 1; at the home of Mr. and Mrs. B. Jackson on November 15; at the home of Mr. and Mrs. J. Cowie on November 29; and at the home of Mr. and Mrs. W. Herbert on December 13. Play will commence at 8:30.

A discussion took place as to heating arrangements for the hall, and the organization agreed to donate funds required, to aid the Young People's Club in purchasing a furnace.

The tea money draw prize was won by Mrs. T. Bolton, and a Nursery Rhyme contest by Mrs. S. Jackson. The November meeting will be held at the home of Mrs. F. Herbert.

Born at the Didsbury Hospital to Mr. and Mrs. Wyndel Goehoe on Wednesday, October 20, a girl.

ENGAGEMENT ANNOUNCEMENT

Mr. and Mrs. Emile Dupont announce the engagement of their eldest daughter, Olga Lydia Marie, to Mr. Andrew Jackson, son of Mrs. J. S. Jackson, and the late J. S. Jackson of Olds.

The marriage will take place at St. Anthony's Church, Didsbury, on November 10th at 11 a.m.

WEST NOTES

The W.A. of St. James' church, Rugby, met at the home of Mrs. McMullen in the Fallen Timber district Friday last, with the president, Mrs. McMullen, in the chair. This was the first regular meeting of the organization and quite a number joined. Rev. Musson of Olds gave a brief talk, and it was decided to hold the next meeting at the home of Mrs. P. Hasegood on Friday, November 26. Mrs. D. Hasegood will take up the study period at this meeting. It was also decided that each member take a child's garment to this meeting. The garments will be sent to a mission in the far north.

The secretary read letters of greetings and good wishes from Calgary and Hartmann. Several hymns were sung at the close of the meeting, and a delicious lunch was served by the hostess.

Mr. and Mrs. G. Befus and Mr. and Mrs. G. Evans spent Saturday evening with Mr. and Mrs. G. Byrt.

Mrs. J. Wogway of Red Deer is at present visiting Mrs. J. Hasegood.

Mr. and Mrs. Arnold Hogg spent Sunday evening with Mr. and Mrs. J. Hay.

Mr. and Mrs. D. Gillies left Wednesday last to spend a week visiting in Calgary.

Mr. and Mrs. Colin Hogg were supper guests with Mr. and Mrs. Gordon Befus on Sunday.

Mrs. J. Hasegood shot and killed a coyote Friday morning, but there are still plenty left.

Mr. and Mrs. J. Hogg were Calgary visitors Monday.

NOTES FROM EAST

Dick Jenkins and William and Leslie Schumaker are spending a few days in Calgary, where they are visiting relatives.

Mrs. Floyd Alhgrin and Mrs. H. Richardson and Freddie were in Calgary visiting Harry Richardson in the Calgary General hospital. Mr. and Mrs. Schumaker also visited with Harry for a few minutes while they were in the city on Thursday.

Mrs. Schumaker also visited with her sick mother for a while.

Harry Richardson is looking real well and says he feels a lot better. He expects to be out of hospital by next Monday but will have to stay in Calgary for another few days. Harry has a room mate, and between the two of them they sure have a swell display of flowers in their room, including the bouquet from the Lone Pine W.I.

The people from the east were sorry to hear that Mrs. Mardon is not feeling too well and has had to return to Calgary for consultation with her doctor. We wish her a quick recovery and a speedy return to her home in the district.

The Lone Pine W.I. members send greetings to some of the citizens who have moved to Calgary. Don't forget to come out and visit with us sometime.

Mrs. Emily Hunter has been out in the neighborhood and is now visiting with Mrs. Otto Paas, formerly of Lone Pine.

Mrs. Avelon left Thursday to spend a week visiting with friends in Calgary.

Boy Dowell spent Tuesday evening at the Fred Metz home.

Mr. and Mrs. Sam Croissant of Carbon were dinner guests on Friday at the Fred Metz home, where they were visiting with Mrs. Croissant's brother, Jack Helher.

The Alfe Thompson family were callers at the Lloyd Clipperty home on Sunday.

Jack Helher left Sunday to spend a few days with his father and mother at Hilda.

Pat Sprague was seen bringing a new Allis Chalmers tractor home from Lethbridge on Saturday.

Mrs. Marvel Sullivan has returned to Sunnyslope where she intends to open her coffee shop in the near future.

Miss Claire Wood spent Friday in Calgary where she attended the "Passion Play."

Evelyn Elliott was a Sunday visitor with Norma and Jessie McCulloch.

CITIZENS, DIG AROUND TREES

Due to the dry fall, trees and shrubs about town will go into the winter with very little surface moisture to freeze and protect the roots from winter killing. A local nursery official was in town last week and recommended that all trees be dug around so as to loosen up the soil and allow any fall moisture to penetrate to the roots. Since it is now impossible to have a man complete this work before freeze up local citizens are asked to dig around the trees in front of their property before freeze-up.

ASSOCIATED TEMPERANCE FORCES FIELD DAY OCT. 31

The Associated Temperance Forces of Alberta will hold a Field Day in Didsbury and district on Sunday, October 31st, under auspices of the local churches. Rev. R. G. Thompson, general secretary of the A.T.F. A., and Rev. Dr. E. T. Serag, of Edmonton, will be the visiting preachers for the day. The following schedule has been drawn up:

10:45 a.m.: Davenport — Rev. E. T. Serag.
11 a.m.: Westcott — Rev. R. G. Thompson.

2 p.m.: Jutland — Rev. E. T. Serag.
2:30 p.m.: The United Missionary Church, Didsbury — Rev. R. G. Thompson.

7:30 p.m.: Evangelical Church, Didsbury — Rev. E. T. Serag.

7:45 p.m.: United Church, Didsbury — Rev. R. G. Thompson.
9 p.m.: Rally of all local temperance forces at Didsbury Evangelical church, when two talkie pictures, "The Pay-Off" and "A Family Affair" will be shown.

Mrs. B. M. Reiber was a guest at the Calgary home of Mrs. J. E. Liesemer and sons over the week end.

Andy Metzger left Friday for a three week's holiday at New Westminster, B.C.

Knox United W.A.'s will hold their annual bazaar and tea on Saturday, December 14th. More details later. In

Mrs. C. Wilson spent the week end in Calgary.

LOCAL NEWS

—K. Roy McLean, optometrist of Calgary, will make his next visit to Didsbury at the Rosebud Hotel on Monday, November 1, morning only. Consult in city office, 1014 Southern Building., daily except Monday.

M. S. G. Liesemer visited at the home of her son, Dr. H. Liesemer and family, in Calgary over the week end.

Mr. and Mrs. P. McNeil were Calgary visitors last week end. Phil is still taking treatments on his eyes.

Mr. and Mrs. Riley Moon and sons spent the week end in Didsbury visiting with relatives.

Mrs. Ed Berchelt has been at Calgary for the past week visiting with her daughter and friends. She also was in Edmonton for a few days.

The Harvest Thanksgiving service of the Anglican Church will be held in the Burnside school on Sunday, October 31st at 3 p.m. The St. John's Anglican Church Choir of Olds will assist. Everybody welcome.

—Louis Ash, Olds optometrist, will visit Didsbury, at the Rosebud Hotel on Friday afternoon, Nov. 12, 13-3c.

The Young People's Society of the United Missionary Church has called upon the men to present the program on October 31st at 7:45 p.m. An interesting service is anticipated and will include a variety of musical selections. You are cordially invited to attend.

—The lady curlers of the Didsbury Curling Club will hold a whist drive in the Lions Hall on Friday, October 29.

Mr. and Mrs. Stan Richards and son Glen of Calgary visited last Sunday with Mr. and Mrs. Hughie Roberts.

Miss Jane Wardrop of Calgary spent the week end in Didsbury visiting with her mother, Mrs. P. Wardrop.

A chicken supper, sponsored by the Didsbury branch of the Canadian Legion and the Ladies' Auxiliary, will be held in the Memorial Arena on Thursday, November 11th, from 6 to 8 p.m.

Bill Ranton, Henry Wood, Harold Wood and Sam Devine left the first of the week on a goose hunt in the Hanna district.

Mr. P. Wardrop of Langdon spent the week end in town with his family.

Latest reports on the case of little Louise Brown, who was flown to Toronto about ten days ago for an emergency operation, is to the effect that she has had the piece of coal removed from her lung and is progressing favorably, but is still under observation.

Mr. and Mrs. W. D. Spence visited in Crossed Sunday with Mr. and Mrs. J. Galtie.

Mr. and Mrs. Howard Gilmore and family left last Wednesday by car for Langley Prairie, B.C., where they will make their home. Howard shipped his mink and some settler's effects, and word has since been received that the Gilmore's safely arrived at Langley Prairie on Friday.

Mr. and Mrs. Ira Gamble have now moved into Didsbury and have taken up residence in the Howard Gilmore house, which they purchased.

A Men's Supper will be served in the school room of the Knox United Church on Monday, November 8th, at 6:30 p.m. Keep this date clear. In

Rev. J. W. and Mrs. Bainbridge attended the opening celebration of the new United Edifice at Westmount, Edmonton, on Monday. This was Mr. Bainbridge's first charge and Mrs. Bainbridge's home church.

FOREST RESERVES CLOSED; BIG GAME HUNTERS OUT

Local big game hunters were disappointed last week end on hearing that the Bow River, Clearwater and Grosvenor Forest Reserves were ordered closed to all travel due to the severe fire hazards which have increased during the current dry weather.

The Forest Reserves will remain closed until a prolonged rain or a heavy snowfall occurs.
A number of local hunting parties were scheduled to leave last week end but had to postpone their trip. Others who had already made camp in the reserves were ordered out when the order of closing was issued.
